Texto: A Terrible Day

I don't believe in superstitions, but last Friday the 13th was simply terrible.

I woke up late because my alarm didn't go off, but that was just the beginning. I left the house as soon as I could, and I was on my way to work when my car ran out of petrol. Then I took a cab but it turned out that I had left my wallet at home, so I had to go back again!

When I finally arrived at work, my boss got angry at me about the report I hadn't submitted before the deadline.

He told me that if I kept coming to work late, I would get into trouble.

So I got to work, but I couldn't concentrate because one of my colleagues kept on talking about the weather, her family, her dog and other stuff.

I usually get on well with her but I was in such a bad mood that I just told her to leave me alone. Now she is not talking to me!

Well, I'll get by, of course, but the day was really awful.
